FOR IMMEDIATE RELEASE
(Please use until Feb. 10, 2010)

EVANSVILLE, February 10th, 2010; 9 am

Despite the inclement weather, the Vanderburgh County Health Department (VCHD) **will still be hosting** a H1N1 flu vaccination clinic today for the General Population over 6 months of age at the following location **this afternoon:**

Wednesday, February 10th, 2010 from 3 p.m. to 5 p.m. at St. Theresa School, 700 Herndon

There is no charge for the vaccine. Wait times have been short at the last several H1N1 clinics. Individuals who have been ill within 24 hours before the clinic should not attend. Children under 18 years of age must be accompanied by a parent/guardian or have a written note of authorization. Please dress appropriately in loose fitting garments or short sleeves to allow timely vaccinations.

It is recommended that children 9 years of age and under get a second (booster) H1N1 vaccination approximately one month (21 to 28 days) after the first H1N1 vaccination.

The State of Indiana also has begun distributing vaccine through some local pharmacies. There may be an administrative charge associated with those vaccinations.

Visit our web site at www.vanderburghgov.org/H1N1
and look for the blue vaccine clinic schedule button.
